10:17:08 From Vanessa Maria Graber (she/her) Facilitator : We also discussed a mega collaboration of info/news that would be shared across communities

10:17:27 From Sarah Stonbely, facilitator, (she/her) : +1

10:18:09 From Mike Rispoli, facilitator (he/him) : group 3 also talked about a centralized system that meet info needs and was created in a way that reaches people regardless of how they seek out info.

10:20:05 From Stefanie Murray, facilitator, (she/her) : Sarah Alvarez, do you mind sharing your list for basic and safety from your group here? It was a great list.

10:21:59 From Mike Rispoli, facilitator (he/him) : Great job Lee and Group 3!

10:29:35 From Stefanie Murray, facilitator, (she/her) : If anyone else wants to drop a photo here of your pyramid, during our break at 10:45am, Derrick will review and add your items to the pyramid.

<https://docs.google.com/document/d/1xZxuqE-E6yUsdq4xSAmr2NMjtiK6DAZ-VAIYJi48WMs/edit?usp=sharing>

10:32:35 From Jennifer Wager : truth! we need free universal GOOD WIFI

10:34:31 From Kenny M, Facilitator (he/him) : I agree, Jennifer.

10:35:16 From Vanessa Maria Graber (she.her) Faciltator : Several folks mentioned a centralized hub for information with a collaboration of groups in Newark so that the public can find all the information in one place. Can folks talk more about this great idea? What do you imagine the platform to be?

10:38:20 From Jessica L. (she/her) : The centralized hub should be independent and facilitated by communities/micro-communities/neighborhoods. There should be an online platform and a printed platform in multiple languages and taking different abilities/literacy into account. Contributors should be payed for their time.

10:38:26 From Teresa Gorman, she/her/hers : lucky number 7!

10:39:58 From Liza Gross-SJN She/Her : The Bristol Cable could be a model to consider.
<https://thebristolcable.org/about/>

10:41:25 From Mike Rispoli, facilitator (he/him) : Per Liza's share. Bristol Cable is community-owned, and I think looking to a community co-op model for a centralized hub is interesting for Newark.

10:41:39 From Brit Harley - Facilitator - she/her : Most definitely @Mike

10:41:42 From Jennifer Wager : yesssssssss Dr. Shivers!

10:42:16 From Joe Amditis, facilitator (he/him) : Brit is it possible to share a .PNG or .JPG instead of a .HEIC

10:42:20 From Stefanie Murray, facilitator, (she/her) : Thanks, Dr. Shivers!

10:42:24 From Joe Amditis, facilitator (he/him) : I'm getting a warning message when I try to download it

10:42:34 From Brit Harley - Facilitator - she/her :
https://docs.google.com/document/d/1yUlVAJtyCexHR5RA8Pr8gXtjV4tnRjqYi2HeKGG_TjE/edit

10:42:34 From Meghan Van Dyk (she/her/hers) : Resolve Philly is another (which Liza can also speak to!) <https://resolvephilly.org/>

10:42:40 From Joe Amditis, facilitator (he/him) : You da best

10:42:51 From Igor Alves : Hi - for pyramid: Can I put a vote in for Basic: Greenspace / Tree Cover? Self-actualization: And advanced skillbuilding / craft mastery?

10:43:02 From Stefanie Murray, facilitator, (she/her) : Yes, Igor!

10:43:47 From Vanessa Maria Graber (she.her) Faciltator : We also discussed voter info ad part of basic

10:43:58 From Vanessa Maria Graber (she.her) Faciltator : *as part of basic info needs

10:44:06 From Stefanie Murray, facilitator, (she/her) : And +1 to Vanessa, to. I'd also love to see baby items from Group 1 added to basic. We will make sure Derrick can see all of these

notes so he can add these items.

10:45:17 From Joe Amditis, facilitator (he/him) : Watching Derrick do these illustrations is MESMERIZING

10:48:53 From Vanessa Maria Graber (she.her) Faciltator : LOVE the Phrase, ONE NEWARK!

10:49:11 From Kei-Sygh Thomas, faciliator : Yes, Derrick is TALENTED

10:49:56 From Jennifer Wager : I'd say more of aggregator more than centralized

10:49:58 From Vanessa Maria Graber (she.her) Faciltator : Did we do the poll on that yet?

10:50:03 From Brit Harley - Facilitator - she/her : Not yet!

10:50:04 From Joe Amditis, facilitator (he/him) : Not yet but we will!

10:50:12 From Vanessa Maria Graber (she.her) Faciltator : Now seems like a good time

10:50:23 From Jennifer Wager : of various social media apps—FB, IG, TikTok etc

10:50:24 From Kei-Sygh Thomas, faciliator : I agreed to everything that was said. Could deeper and strong media partnerships help solve this as well?

10:50:26 From Liza Gross-SJN She/Her : Absolutely! WhatsApp is incredibly popular in LatAm as a tool to circulate information.

10:50:28 From Sarah Stonbely, facilitator, (she/her) : We've got that slated for next panel - great point!

10:50:58 From Igor Alves : Kinda like Flipboard for Newark?

10:51:04 From Naeema Campbell (she/her) : I've heard of people getting people getting their information from Next Door and Reddit threads

10:51:27 From Master Vinny Raposa : I second Liza, WhatsApp is a great option

10:51:50 From Vanessa Maria Graber (she.her) Faciltator : Are there any successful collaborations in Newark right now? They don't have to be news/information related.

10:51:58 From Sarah Alvarez (she/her) : Just want to shout out Documented NY as a great project in NYC that uses WhatsApp to get important info to immigrants in NYC that speak Spanish or English. <https://documentedny.com/>

10:53:09 From Kenny M, Facilitator (he/him) : WhatsApp is also a popular news source for the Nigerian community.

10:53:18 From Kacy O'Brien (she/her/hers) : I think Relationships are key to this - sharing info across diverse networks and building trust between connectors in community allows us to remove gatekeepers and decentralize power by connecting the connectors/influencers in all areas of community life. Maybe it's about us thinking about each other and the people we know who could use this info -- Donna Kirkland is a master connector of information in this way!

10:54:11 From Andrea Mason : I may be partial, but I believe that Newark People's Assembly does an awesome job of sharing information... ALL THINGS NEWARK... with those individuals who have signed up to be a part of the list serve. It's not only information coming from the City of Newark-City Hall, but other information deemed beneficial for the community-at-large.

10:55:53 From Stefanie Murray, facilitator, (she/her) : Love what Kacy said: "Connecting the connectors/influencers in all areas of community life."

10:56:07 From Stefanie Murray, facilitator, (she/her) : Andrea, can you share a link to

sign up for the listserv?

10:57:36 From Andrea Mason : The one basic need for information sharing, and it was stated earlier in the breakout session summaries is the need to communicate universally.

Although there is no intent for individuals to be excluded, often times because of the language barriers, individuals who don't speak a particular language may not get beneficial information.

11:00:27 From Andrea Mason : Register for Newark People's Assembly by visiting: <http://bit.ly/newarkpeoplesassembly>.

11:00:59 From Liza Gross-SJN She/Her : I would like to give a shoutout to Andrea and Lavita. They do a great job.

11:01:20 From Kacy O'Brien (she/her/hers) : Agree Liza! Lavita and Andréa are amazing!

11:02:59 From Joe Amditis, facilitator (he/him) : More about the News Ecosystems project: <https://newsecosystems.org/>

11:09:22 From Jennifer Wager : Don't forget Ark Republic! It's amazing!

11:10:03 From Daniel Joseph Wiley : Newark.FM (Radio Streaming/Podcasting)

11:10:43 From Brit Harley - Facilitator - she/her : Yes, yes, yes! Thank you! @Jennifer @Daniel

11:10:50 From Jennifer Wager : And all the film festivals as well

11:10:58 From Igor Alves : Hi Sarah, Great work! "DreamPlay TV | Newark"
<https://dreamplay.tv> || Digital First (online)

11:11:38 From Igor Alves : And in similar digital magazine style, I recommend Newest Americans as well: <https://newestamericans.com>
